

Learning Support: Newsletter Content

Does your organization send newsletters to students and families? Below is content about Washington County Library services that can be used in a newsletter, bulletin, or on your website.

Wherever you're learning, a librarian can help

Don't forget about your local library as you navigate school this academic year! Washington County Library offers a variety of services for students and families. Librarians can:

- Connect you to a real person for online tutoring and homework help,
- Find physical or digital resources for assignments and research projects,
- Recommend books to read for information or entertainment,
- Help you access the internet with hotspots and Chromebooks,
- And more!

Need a library card? You can now [apply online](#)! Student cards are available for learners who attend a Washington County school, even if they don't live in the county.

Wi-Fi hotspots and Chromebooks now available at Washington County Library

Washington County Library now has Wi-Fi hotspots and Chromebooks available for checkout! Get free access to the internet at home for learning, work, and fun.

Hotspots allow you to connect up to 10 of your own devices to the T-Mobile network and can be used for internet browsing, email, and other tasks. If you need a computer, the library also has Chromebook kits that include hotspots for accessing the internet.

Hotspots and Chromebooks can be checked out for one month at a time, and may be renewed three times if there are no other holds. Visit your local library or [connect with the library online](#) to get started!

Find books for information and entertainment at Washington County Library

Whether your learner is reading for a school assignment or for fun, your local library can help. Washington County librarians love to make recommendations based on interest, reading level, assignment, and more. They can also put together book bundles for readers of all ages.

Are you learning at home and unable to visit the library? Curbside pickup appointments are still available to access library materials! You can get recommendations from a librarian, place holds online, and then pick up your items without ever entering the building.
